"For those who have found the courage to break away from the herd and reclaim their minds... and their lives." –Walene James, author, *The Vaccine Religion – Mass Mind & the Struggle for Human Freedom*

The back cover of the book quoted above states: *"Why does the United States Center for Disease Control recommend that babies receive 45 injections of toxic substances known as 'vaccinations' by the time they are 6 months old? When did the police powers of the state start dictating personal health care choices and foist upon men, women and children of all ages compulsory medical procedures such as vaccinations?"*

*According to James, *The Vaccine Religion* is a Mass Mind Virus marketed by a multi-billion dollar hospital, drug, and insurance racket and reinforced by the World Health Organization, the United States Government and mainstream media...*

James argues that no one has ever proven the efficacy of any vaccine, nor has anyone proven that vaccinating a population against a specific disease led to the decline or eradication of that disease.

James writes, "Not only do vaccinations damage the immune system, they damage the nervous system as well... to my knowledge, no other medical treatment... with the possible exception of orthodox cancer treatments for children... is forced on people with the aggressiveness and sometimes ferocity as vaccinations. No other medical intervention that I know of so blatantly violates a basic human right as spelled out in the Nuremberg Code..."

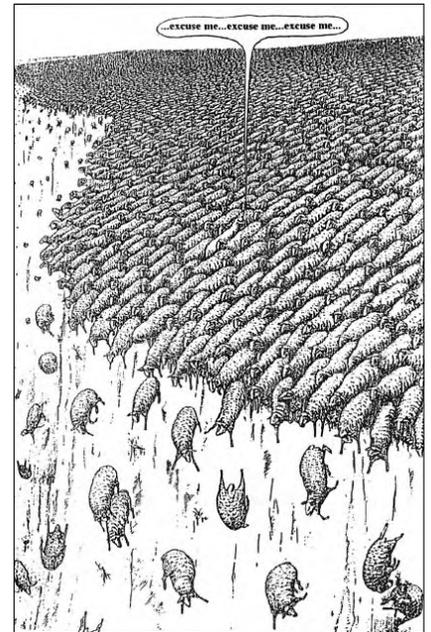

If you are an impassioned truth-seeker who dares to risk all for the sake of preserving the health and welfare of your children and grandchildren, you need to read this book.

Thanks to Vaccination Liberation, www.vaclib.org, for providing information on the results of a German study of 7866 participants that compared the results of vaccinated and unvaccinated children. The following table lists the diseases and the percent of vaccinated and unvaccinated children affected. The ratio of the vaccinated to unvaccinated children was added by me.

Disease	% Vaccinated	% Unvaccinated	Vaccinated/ Unvaccinated
Asthma	4.7	2.4	2.0
Hayfever	10.7	2.7	4.0
Neurodermatitis	13.2	7.1	1.9
Allergic disease	22.9	10.7	2.2
Herpes	12.8	0.5	25.9
Otitis media	11.0	6.7	1.7
Epilepsy	3.6	0.33	10.9
Diabetes	0.10	0.98	1.3

In every instance vaccinated children with a compromised immune system contracted the diseases at a greater rate than unvaccinated children, thus proving that **VACCINES ARE NOT EFFECTIVE.**

Vaccination Liberation included a Voices of Safety International (VOSI), *"Standard for Eliminating Mercury (Thimerosal) in Vaccines, Ban the Triple Vaccines, DPT & MMT, and Permit Freedom of Choice"*, www.voicesofsafety.com... Public Health... Autism Research. This standard compared the *"Behavior"* and *"Childhood Diseases"* of 460 children who received *"None"*, 179 children who received *"Some"* and 34 children who received *"All"* of the childhood vaccinations. The first question: *"Is your child normal?"* resulted in the *"None"*, *"Some"* and *"All"* groups answers of 98.3, 86.1 and 79.1% respectively. Conclusion: **Want healthy children?... Say NO to VACCINATIONS.**

The current autism epidemic of 1 in 88 US and 1 in 49 New Jersey children is caused by our insane, profit driven government mandated childhood vaccination program; this should be a red flag to every parent to read the VOSI Research Report that claims that 80% of the autism epidemic is caused by vaccinations. The percent of "None", "Some" and "All" children in the VOSI study that developed autism were 0.40, 3.80 and 4.70% respectively... Children who received all the shots were approximately twelve times more likely to become autistic compared with unvaccinated children. This proves **VACCINES ARE NOT SAFE.**

Since vaccines are neither safe or effective the only logical conclusion is that a Vaccine Religion has been forced on citizens using fear to boost the profits of the medical and pharmaceutical industries. The "War on Terror" should be waged by all thinking parents against their own government!
