Go (POGO/POGO) Gray Panthers! Police Our Government Officials! Police Our Government Organizations!

Last month’s *The Sovereign* proposed an alliance between students and state militia that would overthrow the present fascist tyranny called America. The strongest structure is based on a triangle therefore to complete the structure required for my proposed revolution I have added the Gray Panthers as the head of my proposed non-violent revolution.

The latest Gallup Poll shows only a 14% approval rating of our congressional whores who represent the many special interest groups that pay them to represent corporations not people. **We the people have been damn fools to have permitted this corruption of our constitutional rights to have been compromised by a corrupt congress for so long without a revolution.**

On January 17, 1961 President Dwight Eisenhower warned the nation that the military-industrial complex, a formidable union of

Planning a Revolution When Big Sister Is Watching

By: Sarah Connor,
Human Resistance Leader

Did you know that without privacy—without the ability to be anonymous—Americans will never be able to plan a successful protest or revolution? That’s because if big government and corporations are watching, they can block all efforts before they even become public.

In recent years we’ve learned about the massive surveillance systems that have been authorized by the federal government. There

are at least 16 intelligence agencies we know about collecting data on average, everyday Americans. Our nation’s “Big Sister”, Janet Napolitano’s Homeland Security, employs upwards of 200,000 people who have their fingernails in everything we do. Beyond that, our current federal Police State agencies employ literally thousands of private contractors.

—Charles Edward Montague (1867—1928), English journalist and author; from *Disenchantment* (1922).

Fun Facts

Has the USA Become the Soviet Union?

September 11th has changed America radically—and seemingly into the old Soviet Union. After the false flag event of 9/11, the national security sector was given a seemingly bottomless budget to “get the terrorists”. Much of this growth has come in the form of private contractors to mask what is in fact a massive increase in the size, scope and cost of the federal government. Currently, there are more than 250,000 private contractors working on top secret programs. More than 850,000 Americans have top secret clearances. More than 1,200 government organizations and nearly 2,000 private corporations work on top secret programs related to terrorism, homeland security and intelligence matters at more than 10,000 locations across the nation. Obama’s Department of Homeland Security is now on a vigorous campaign to enlist everyday citizens to snitch on their own neighbors to the police. The main ramification of having a fourth branch—a secret branch—of government, is that the USA now resembles the old Soviet Union, when it operated behind the Iron Curtain.

Alvin Hellerstein

Alvin Hellerstein is a senior judge of the US District Court for the Southern District of New York. Born in New York in 1933, he was nominated by President Clinton on May 15, 1998 and confirmed by the Senate shortly thereafter. Hellerstein is a dedicated Zionist with deep and long-standing family ties to the State of Israel. He’s most noted for blocking a 9/11 trial for years by waging a judicial war

of attrition against the victims’ families, forcing all but one into out-of-court settlements. In September 2012, Hellerstein surprisingly ruled that AMR Corp.’s American Airlines and United Continental Holdings Inc. must face a federal trial over negligence claims tied to the hijacking of jetliners used in the Sept. 11, 2001. 9/11 is rarely mentioned as one of many Israeli manufactured events. The mountain of evidence implicating the Israeli Mossad is overwhelming...and still growing.

defense contractors and the armed forces, is a threat to democratic government. This warning has become a fact that has grown exponentially since the false flag events of 9/11/01. See Mark Sahagian’s excellent cartoon “The Unholy Trinity” depicting the three pronged attack on our freedom by a “corrupt government”, “out of control corporations”, “fear inspiring religious leaders” and the Dept. of Homeland Security. Note the burning Constitution and upside down America flag that denote the ship-of-state in distress.

Our military, with its bloated budget, hasn’t won a war since World War II, has succeeded in dividing Vietnam and Korea into two armed camps and initiated unprovoked, unjustified wars of aggression in Iraq and Afghanistan based on lies. The US should hold up a mirror to itself to see the real terrorist in our stupid “War on Terror” initiated by Amerika’s Chief Village Idiot.

The Gray Panthers are a multi-generational organization founded in 1970 by Maggie Kuhn (1905 – 1995) (Wikipedia). “Seeing all issues of justice as inevitably linked, they refused to relegate themselves to elder rights, but also focused on peace, presidential elections, poverty and civil liberties. Their first big issue was opposition to the Vietnam War.” The Gray Panthers’ motto was “Age and Youth in Action” and many of its members were high school and college students. Kuhn believed that teens should be taken more seriously and given more responsibility by society. To her this was but another example of our fast-paced, exploitative culture wasting vital human resources.”

“She also took a stance on Social Security, arguing that politicians had created an intergenerational war over federal funds in order to divert public attention from THE REAL BUDGETARY ISSUES: OVERSPENDING ON THE MILITARY AND TAX BREAKS FOR THE RICH.”

The following are additional quotations by Maggie Kuhn:

“Old age is an excellent time for outrage: My goal is to say or do at least one outrageous thing every week.” “When you least expect it, someone may actually listen to what you have to say.”

ICELAND DID IT! WHY NOT US?

A TRILOGY OF TRUTH IN MEMORY OF THE 9/11 VICTIMS

“The love of money is the root of all evil”... Timothy 6:10 Play Bible
“Keep throwing the Constitution in my face. It's just a goddamned piece of paper”... 2005 President George W. Bush
Iceland, a nation the size of Virginia with 320,000 people, successfully staged a non-violent revolution in March 2011. 90% of the citizens refused to repay the banks for causing the worldwide housing bubble. In 2008, a new political party, “The Real Party” was formed after raising a newspaper ad that stated, “The Real Party wishes to meet good people aged between 18 and 90.” Their campaign video featured candidate singing Tina Turner’s “Simply Deep”.
“Iceland was ripe for change, having effectively gone from the grip of a class of politicians and bankers who thought they could turn an island of fishermen with a population of 320,000 into a financial superpower.... The voters wanted change and the Real Party caught the wind, capturing 69% of the vote. In his acceptance speech the new president stated: “No one has to be afraid of the Real Party. If it were, it would be called the Worst Party or the Real Party. We would never work with a party that would never work with a party.”

Chilling comments from a friend on Holmes' Killing Spree

By Jerry Mazza, IntrepidReport.com

A good friend in high places wrote to me after reading a recent article of mine, “James Holmes family connected to CIA/NSA and mind manipulation work.”

“Jerry, it goes even deeper than that,” he wrote for openness. “There is a manufactured artificial brain being developed that never bleeds, never has a loss of attention span, never ingests the set for pain or happiness levels. And never registers the case before with any ‘em’ and ‘conscience.’” Sounded like an auspicious beginning to me.

Marilynner Cardinale

Regarding the neurotechnology business, he said, “We were approached by a group that had been funded by DARPA. It was something I was familiar with from a previous project to study the human brain, developed by some of the best minds, as if his brain is more important than others. His ‘research’ was if he gets injured, they can re-upload it in his head.”

“We are the risk takers: We are the innovators: We are the developers of new models.”

Wikipedia defines “Congressional Oversight”: “Oversight by the United States Congress of the Executive Branch (President etc.), including the numerous US federal agencies. Congressional oversight refers to the review, monitoring and supervision of federal agencies (including our out-of-control Department of Defense and its numerous secret off-the-books agencies), programs, activities and policy implementation. Congress exercises this power largely through its congressional committee system. However, oversight, which dates to the earliest days of the Republic (?), also occurs in a wide variety of congressional activities and contexts. These include authorizations, appropriations, investigative and legislative hearings by standing committees; specialized investigations (9/11?) by select committees; and reviews and studies by congressional support agencies and staff.

Based on Congress representing special interests rather than people Congress has failed miserably in this important duty and, as the cartoon depicts, *citizens must do what Congress has OVERLOOKED.*

I ask Gray Panther volunteers to establish a *Citizens Oversight Committee that does what Congress has failed to do.* I’m willing to help establish this committee (phone (973) 228 – 2258 to volunteer) and to *provide a page in The Sovereign where this committee would publicize its findings.*

Hopefully, Gray Panther, multi-generational volunteers, will “Police Our Government Officials” and “Police Our Government Organizations”. **GO POGO/POGO! Let Citizen Oversight replace Congressional Oversight as the first step in this long awaited revolution to overthrow tyranny.** **S**
