## Don't Vote For Tyrants! Fight for Freedom Vote for Ron Paul

The issues are black and white: don't vote for either a black braying jackass (Obama) or a white rampaging elephant (Romney) **Write in Ron Paul when you vote for our next president. Ron Paul is the only candidate who will defend your constitutional rights and work to overthrow the present fascist corporate/military controlled police state that must be destroyed if this nation is to exist under the Constitution.**

The circuses of the Democratic and Repulsivecant parties are thankfully over and the respective rotten "planks" in their platforms established. **Unfortunately Ron Paul bet on the wrong horse and has been effectively banished from the Republican Party thanks to a corrupt political party and controlled press in this police state.**

What was not spoken of at the conventions was of greater importance than the hoopla (Bah Humbug!) spoken. For example, the Colorado Democratic Party had proposed a plank for a new investigation into the scientific evidence that proved this government has lied and covered-up the truth that controlled demo-

## Is the US Secretly Killing Dissidents?

**The truth will set you free, except in America where it is increasingly likely to get you killed.**

Are you suspicious of federal authority? Do you advocate individual liberty? If so, then according to a new study funded by the US Department of Homeland Security, you might

very well be a "terrorist". And what happens to "potential terrorists"? We can infer the worst, since we now know that there is a secret National Security committee ordering the murder of American citizens, and also that the intelligence agencies have the power to easily simulate deaths from illness and accident.

Every time a dissident dies unexpectedly, there is ample reason to suspect that he or she has been murdered by the US government.

A few recent names of some suspicious deaths include those of Andrew Breitbart, J. T. Ready and **Barry Jennings**. (see Youtube.com).

It seems that the secret government is using a number of bio-weapons against perceived "nuisances". Directed-energy weapons that use radio frequency are able to deliver a neurological attack. We have also received word that debilitating extremely low frequency (ELF) at-

### Notable Quotables

"The men the American people admire most extravagantly are the most daring liars; the men they detest most violently are those who try to tell them the truth."

—Henry Louis Mencken (1880-1956), American humorous journalist.

"The National Security Agency's capability at any time could be turned around on the American people, and no American would have any privacy left, such is the capability to monitor everything: telephone conversations, telegrams, it doesn't matter. There would

be no place to hide. If a dictator takes over the United States, the National Security Agency could enable it to impose total tyranny, and there would be no way to fight back."

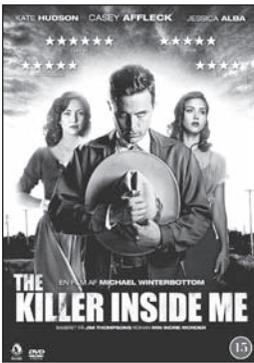

—Senator Frank Church, in 1975, testifying about the National Security Agency. Church was testifying as Chairman of the Select Committee on Intelligence, who investigated the NSA and came away stunned.

"War loves to seek its victims in the young."

—Sophocles, (ca. 495-406 BC), Greek playwright.

### Fun Facts

#### Who Is The Killer Inside Me?

*The Killer Inside Me* is a 1952 book by Jim Thompson that is still described as one of the most blistering and uncompromising crime novels ever written. The story is told through the eyes of its protagonist, Lou Ford, a 29-year-old deputy sheriff in a small Texas town. While he appears to be a regular rural cop leading an unremarkable existence, beneath this façade lurks a cunning, depraved sociopath with sadistic sexual tastes.

Scott Bakker's *Neuropath*, published in 2009, depicts "a killer that will get inside your head—literally." The story is about a pair of FBI agents investigating a murderer who is not who he seems. Their villain is not just another thrill-killer acting out a muddled internal mythology in ritual form, but rather the subject of a hideous experiment conducted by a well-known neuroscientist. This scenario plays upon one of our worst fears,

that perception and consciousness are nothing more than a crude set of chemical and electrical processes inside a piece of meat, all of which can be manipulated. *Neuropath* features how experiments on human psyches can also be used on National Security agents themselves in order to transform them into murderers and enforcers lacking remorse and conscience.

How many of today's murderers are simply some type of mind-control experiment gone awry? One of the most famous female serial killers in recent memory, Aileen Carol Wuornos, who was the subject of the 2003 film *Monster*, made some startling claims before her execution. She told documentary filmmakers that she had left her fingerprints at the murder scenes of all of her victims and that there was obviously a deliberate attempt to ignore evidence of her guilt. Additionally, she complained of feeling immense pressure inside her skull and claimed to recall being trailed after each murder by black helicopters.

More real-life stories of murderers who appear to have been deliberately manipulated into committing their crimes are related in researcher David McGowan's *Programmed to Kill: the Politics of Serial Murder*.

### John Hagee

John Hagee is a controversial Judeo-Christian neoconservative leader who is the pastor of an evangelical "megachurch" in San Antonio, Texas. Hagee is also the founder of Christians United for Israel (CUFI), a Christian Zionist organization known for its militarist stance on US policy in the Middle East. Hagee's Cornerstone Church, established in 1975, seats 5,000 people and has some 18,000 members; television broadcasts of his religious services, promoted by his Evangelism TV network, reach several million viewers. Like many Christian fundamentalists, Hagee sees the return of Jews to the "Holy Land" of Israel as fulfilling New Testament biblical prophecy. This idea can be traced back to the 1600's, but gained prominence with the creation of Israel in 1948. Hagee and many other Judeo-Christian Zionists believe that the Book of Revelation and other prophetic biblical texts indicate that the creation of the state of Israel started a countdown to the second coming of Jesus in the apocalyptic end times. According to Hagee, President George W. Bush's foreign wars, which benefitted Israel geopolitically, played "a pivotal role in the second coming". Hagee claims that the destruction of Islamic society is a key part of apocalyptic Judeo-Christian prophecy, which also supports Israel's control of the ancient Holy Land. In other words, Jesus Christ can only return to the Temple Mount in Jerusalem once Jews have rebuilt the Temple of Solomon, and this requires the obliteration of Islamic shrines and the mosque currently on that site. Hagee's peculiar and militant Israel-first view is used by many to justify the endless wars that the pastor claims were started on 9/11 by "radical Muslims". Hagee is an important propagandist who uses apocalyptic Judeo-Christian religious themes to justify genocide against Muslim civilians, as well as the sacrifice of US citizens, reputation and fortune.

litions, not fires, caused the collapse of the Twin Towers and WTC 7 on 9/11/01. This was obviously not accepted by the liars at the convention. The Colorado Democratic Party should begin their recommended "investigation with subpoena power" in their own state since the feds will never permit an investigation.

The purchase of 459 million rounds of hollow point bullets by Homeland (In)Security, in preparation for the anticipated riots of Americans, was omitted as were the FEMA camps to detain citizens who don't buy this government's stockpile of bull\*\*\*\*.

**Discussion of government sponsored activities that adversely affect the health and safety of all citizens such as chemtrails, fracking and the testing of bioweapons on unsuspecting citizens were also carefully omitted from the fluff presented at both conventions.**

The September *The Sovereign*, "Iceland Did It! Why Not Us" was the final "Trilogy of Truth in Memory of the 9/11 Victims". See [www.thesovnews.com](http://www.thesovnews.com) ...click on "A Trilogy of Truth Dedicated to the 9/11 Victims" where scientific evidence, based on WTC 7, proves that controlled demolition, using U.S. and Israel based military explosives, not fires, caused the collapse of the Twin Towers and WTC 7. This final "Trilogy" proposed the need and basis for overthrowing the U.S. government. The 5 points are repeated with a sixth item:

1. "The US and Israel are guilty of "planning and executing the false flag events of 9/11/01 and are guilty of murdering approximately 3000 innocent civilians." See [www.thesovnews.com](http://www.thesovnews.com) click on A Trilogy of Truth in Memory of the 9/11 Victims.

tacks can be administered through the nation's electrical grid.

They are also delivered via a network of some 70 Homeland Security-administered "fusion centers". We have also received word that the US shadow government's prime cyber-contractor, Lockheed Martin, executes the extrajudicial persecution and financial exploitation of many thousands of Americans.

Numerous political dissidents and activists have been complaining of extreme health effects including headaches, ringing in the ears, nausea, vomiting, severe depression, dizziness, and loss of consciousness.

3. **The unconstitutional "Patriot", "Military Commissions" and "National Defense Authorization" Acts Permit spying on citizens, military trial without jury and imprisonment in foreign lands. The NDAA gives the president the power to murder American citizens who dare to resist this tyranny.**
4. **The Supreme Court of black robed bastards has decided that corporations are people and can donate unlimited sums of money to our political whores in the House and Senate. This insures a fascist government "of, by and for the corporations".**
5. **Amerika's Chief Village Idiot was prophetic when he said "The Constitution is only a goddamned piece of paper." He failed to mention it has become toilet paper in the hands of the tyrants that rule this tyranny.**
6. **Legislation exists that allows the testing of bioweapons on citizens without their knowledge or permission.**

The preceding six planks of the "American Revolutionary Party" will be the scaffold on which to build a new America. Both students and sovereign states militia will be the basis for overthrowing the present tyranny.

The cartoon shows the poor choice of voting for tyrants by the many white sheep in our society and what fate awaits them in the near future. On the other hand, the wise black sheep realize the futility of voting for either a "black braying jackass" or a "white rampaging elephant".

ons are very real, and commonly used in military circles. He described to me how he personally used such weapons on a regular basis while training with Special Forces at US Army facilities: "We had them van-mounted, truck-mounted, plane-mounted, and hand-carried. We would go around zapping each other for fun. This was during exercises, or sometimes just as a practical joke."

Anyone who opposes the two-party system or is involved in Occupy Wall Street or the Tea Party, or who writes, blogs, produces videos or speaks out boldly in exposing Zionist crimes against humanity, is likely to be targeted. The powers that be have at their disposal an arsenal of silent weapons and bio-weapons they use on outspoken political dissidents in particular. [S]
